Founded in 1893 the golf course has a very attractive layout set in beautiful Mid-Nithsdale - a mixture of parkland and heathland with spectacular views of the Southern Uplands.

It really is worth walking on the course for the scenery alone. At 6085 yards it offers a challenge to both high handicappers and scratch golfers alike.

This is a real gem of a course and should be on everyone's list of must play golf courses.

Tee Times and Playing Arrangements

Mon/Fri relatively easy to play. Booking is advisable for visiting parties during the summer and at weekends. Only restriction on tee times is on competition days. Visitors are welcome.
