

THORNHILL GOLF CLUB COVID-19 UPDATE

In a rapidly altering world, we are implementing the following changes at the golf club,

- The course remains open for play at the minute. You must follow guidance on social distancing and to this end tee-times will now be spaced at 20 minutes intervals. Bookings already made will need to be re-booked from tomorrow.
- Rakes are being removed from bunkers today and ball-washers are no longer in use
- A new golf hole system will be introduced on its arrival to remove the need for fishing balls out of holes or touching the flags
- All buggies have been removed from service for **all** golfers - we recognise this is difficult for some, but we cannot vouch for their ongoing safety. Member's who have their own buggies can use them at their own risk.
- Clubhouse Closure - from Thursday at 3pm the clubhouse will be completely closed, including locker rooms and toilets. Members should remove all of their belongings from their lockers before this date. Please remove all belongings as we will clean all empty lockers. if this is not convenient, email Shona on info@thornhillgolfclub.co.uk and she will make separate arrangements
- Office - Shona is preparing to work from home once we can arrange the technical issues like transferring calls etc. Until then, no member should attempt to enter the office
- Payments - please continue to pay your fees and make payments for any local visitors you bring on the course. Payment can be made online using the following:-
sort code 80 19 02 and account number 00273716
- Keep safe on the course and in your daily lives. The quicker we adhere to restrictions, the sooner we will halt the advance of this virus
