

Message for All Thornhill Golf Club Women Members

As most of you will know, we have worked with Scottish Golf to introduce new women golfers into the Golf Club. Under the **Women into Golf Initiative**, we have attracted 10 new golfers this year, but we also have other new women members and many who play infrequently. We think it's time to give us all a chance to get together.

We want to try out a **Friday 9 Club**. Every week we hope we can attract a group of all handicaps and abilities to play a 9-hole game, at 6pm followed by a coffee and a chat. Golf is designed to help us play together, even if our handicaps are very different. A 9-hole game should take 1.30 – 2.00 hours maximum.

It's likely to develop over the weeks but the intention is to integrate the new and old members into the club, make new friends and golf partners and most importantly of all, have some fun. We can make any changes that suit the group. We may decide it should be every 2 weeks, that we should have a formal event to help golfers achieve handicaps and we can even get some advice on handicapping etc. and when we all feel happy, we'll challenge the men and the juniors for a match!!

The first 3 dates we have planned are as follows.

26th July
2nd August
9th August

All at 6pm.

To make this a success, all we need is you.

If you are interested, or can attend any or all of these dates, let me or the office know. We need all members of all abilities to take part to have the desired effect.

Beth
